

Make room in your wallet for your **FREE** Prescription Discount Card.

As a participating organization, we are pleased to offer a Prescription Discount Card to all members, who are in the United States, Puerto Rico and the Virgin Islands, **at no charge**.

The program is simple to use. Just present the card attached below to a participating pharmacy for a 30-day supply and save an average of 20 percent, as much as 50 percent, on prescription drugs not covered. Based on a computer-generated comparison, you will be charged the pharmacy's regular retail price or the discount price, whichever is lower. The program assures you the lowest price in a participating pharmacy for a specific drug on a specific day.

Mail Service: Quick, Convenient and Cost-Effective

If you are taking maintenance medication, this discount card program allows you to order up to a 90-day supply of medication through the CVS Caremark Mail Service Pharmacy. Mail Service enables you to order at your convenience and have prescription medications delivered directly to your home.
